THE FOURTH ANNIVERSARY Of the I. & L. Association Occur- ed Last Night.

A MOST INTERESTING MEETING.

Good Roads Club Sanctioned—The
Election of Officers—Mr.
Richards' Address.

On the 19th of last month the Indus-
trial & Immigration Association, that
organization which is doing so much
for Greensboro, reached the fourth
anniversary of its birth. That was
the date for the fourth annual meet-
ing. Greensboro was then busy with
preparations for gala week and the
meeting was wisely postponed.

The meeting was held last night and
was attended by nearly all the members
of the association, besides a num-
ber of business men who have not joined.
President J. S. Hunter called the meet-
ing to order and announced that the
first business was the reading of the
report of the secretary. Secretary W.
M. Barber read his report for the past
year, which was very encouraging,
showing something of what the associ-
ation had been doing and giving evi-
dences of good accomplishment.

C. H. Ireland moved that the report
be accepted and entered upon the min-
utes, which motion, seconded by Capt.
J. W. Fry, was unanimously carried.
President Hunter next read his an-
nual report. It was a short, but in-
teresting document, and both for its
interest to readers and by request of
the association, will be printed in full
in tomorrow's paper.

Hon. A. M. Seales moved that the
president's report be accepted with
thanks to that officer and a request
that it be published in the city papers.
The motion, seconded by A. W. Mc-
Allister, was carried by unanimous
vote.

The reports of both president and
secretary were enthusiastically ap-
plauded.

The next business before the meeting
was the election of officers for the en-
suing year. R. W. Brooks moved
that the usual custom of appointing a
committee to retire and formulate a
list of officers for the coming year, be
followed. The motion received a
second and was carried and the president
appointed on the committee R.
W. Brooks, C. H. Ireland and J. W.
Scott.

While the committee was out Presi-
dent Hunter stated that in his report
he had failed to mention the deaths of
two of the best members of the associ-
ation, Col. W. S. Rankin and H. H.
Cartland.

C. G. Wright moved that the associ-
ation cast a vote giving its official
sanction to the work of the Good
Roads Club. Seconded and carried.
The committee on officers returned
and submitted a report recommending
the following for officers for the en-
suing year:

President—J. W. Fry.
First Vice President—E. P. Whar-
ton.
Second Vice President—M. L.
Shields.

Secretary and Treasurer—S. H.
Boyd.
Directors—Nell Ellington, J. Nor-
man Willis, W. E. Beville, J. S.
Hunter, C. E. Holton, C. G. Wright,
and F. A. McDonald.

This report received an applause
that shook the house. On motion the
report was accepted by unanimous
vote.

President Hunter now retired from
the chair and Capt. Fry presided dur-
ing the remainder of the meeting.
Mayor Taylor was requested to in-
troduce the speaker of the evening,
Mr. M. V. Richards, industrial agent
for the Southern Railway, and he did
so in a pleasing manner.

Mr. Richards' speech was most in-
teresting. It was full of figures,
showing the industrial progress of the
south, and had to be read. Mr.
Richards read fast and his interest-
ing, exhaustive speech occupied fifty-
five minutes—time most profitably
spent. He spoke encouragingly of the
progress of Greensboro and North
Carolina and remarked to President
Fry that he expected to see a great
deal of him before his (Capt. Fry's)
term of office expired.

Upon motion of C. H. Ireland a res-
olution of thanks to the retiring pres-
ident for the very energetic and effi-
cient manner in which he had performed
the duties of his office, was passed
by unanimous vote. On motion of
Mayor Taylor a like vote was tendered
to Mr. Barber, the efficient retiring
secretary, and upon motion of R. W.
Brooks, a vote of thanks was also
tendered to Mr. Richards for his at-
tendance and excellent address.

C. H. Ireland made an interesting
talk, suggesting the importance of in-
creasing the membership of the associ-
ation and recommending that a com-
mittee be appointed at the convenience
of the president, to enlist the co-opera-
tion of every business man in the
city. Mr. Ireland stated the indispu-
table fact that the business men who
are not members of the association

are reaping the same benefit as those
who are. He urged the importance of
co-operation and concerted action in
every matter of business that demand-
ed the attention of the association.
His talk was to the point.
The meeting adjourned.

Thus closed another year of work
for the Greensboro Industrial and Im-
migration Association. During the
past year the association has aided in
the location of several enterprises
here and has done much to advertise
the advantages of the city. Long may
the association live.

GOOD TO TALK ABOUT. Greensboro Ice and Coal Co. When- large Their Plant.

If the theory of hypnotism is correct,
and this city has had some remark-
able demonstrations on that score, it is
a good time, in this hot weather, to
talk about ice. The hypnotist tells
you that you are cold, your mind
grasps that thought and you are cold.
Think about having more ice manu-
factured here, and if it doesn't cool you
off it will not be the fault of the ice
factory.

But, joking aside, we were informed
today that the Greensboro Ice & Coal
Company will, as soon as the present
ice season is over, begin an enlarge-
ment of their plant. The present ca-
pacity is 15 tons per day, and Mr.
Thompson, the manager, tells us that
the plant will be increased to manu-
facture 40 tons daily. The work will
probably not be begun before Novem-
ber.

Mr. Thompson says the present
plant is amply sufficient to supply local
demands, but owing to large con-
tracts to supply refrigerators the plant
will have to be increased. Besides
the refrigerating business the company
will supply larger quantities of ice to
the towns and villages adjacent to
Greensboro.

We congratulate the company on
the necessity for this change and en-
largement of their equipment. This
company has recently been the subject
of much criticism. Complaint has
been lodged against them because of
their delivery system, and the Tele-
gram, with others, has had something
to say about it. We thought it would
be better if there were two deliveries
a day instead of one. We are willing
to admit, however, that there are two
sides to the question. Ice is only half
a cent a pound in this city, while Win-
ston and other places have to pay
twice that amount.

Again, it has been charged that there
is some discrepancy in the weight given.
A number of people claim that
what was bought for a ten pound
chunk of ice did not always weigh ten
pounds. The Telegram has not dis-
cussed this point for we know that ice
melts. We asked Mr. Thompson this
morning about that short weight busi-
ness, and for a reply he showed us the
entries on his books which show that
25 per cent of all the ice carried out
by the delivery wagons either melts or
is given away in over-weights.

We believe in doing full justice
to all men, and we believe that much
of the criticism of the ice-business here
is unwarranted. The company has a
monopoly, it is true; but the price is
only half what it is in some other
places. They are handling a product
which wastes rapidly, and if it melts
faster sometimes than others we have
the satisfaction of knowing that it is
cheap a way.

DR. CREASY'S REMAINS Pass Through Greensboro Tomorrow Morning Enroute to Winston.

The remains of Dr. W. S. Creasy,
news of whose death shocked Greens-
boro last night, will pass through here
tomorrow morning. They will arrive
on the vestibule and will be taken to
Winston by the 8:10 train. Some de-
part in the departure of the funeral
party from Baltimore was caused by
the inability of relatives to reach
there and complete arrangements for
the funeral.

The funeral services will be conduc-
ted in Centenary church, of which the
deceased was pastor, tomorrow morn-
ing, by Rev. P. J. Carraway, of this
city.
The remains will be interred at Mt.
Airy by the side of the grave of Dr.
Creasy's daughter, who died only a
few weeks ago. It is quite probable
that a special train will be run from
Winston to Mt. Airy, for the accom-
modation of the funeral party.

Splendid Power.
J. M. Bohannon, that excellent busi-
ness man and prince of gentlemen, of
Hickory, spent last night at the Mc-
Adoo and left this morning for Win-
ston. Mr. Bohannon is interested
with Messrs. Odell, of Concord, and
B. N. Duke, of Durham, in the devel-
opment of the magnificent water power
on the Catawba river, two miles from
Hickory. This is one of the finest idle
water powers in the state. It will be
long before the wheels of a large
cotton mill and furnishing electricity
for Hickory and other near-by towns.

If our collector has not called on
you, please let us know and we will
see that he does so. Fishplate-Katz

GALLANT LABORER APPEARS

And the Delighted Audience Wel-
comed Him With Cheers.

HE DISCONCERTS GEN. MERCIER.

Ex-Functionary Gets Very Much
Rattled—"I Love the Army!"
Cried Dreyfus.

By Cable to the Telegram

Remnes, August 22—Laborer ap-
peared at the opening of the session. He
walked briskly, holding his hand to
his side to ease his wound. The au-
dience wildly acclaimed and demanded
a speech, to which he responded
cleverly. Laborer immediately
began the cross-examination of Gen-
eral Mercier. His first question caused
a great sensation. He asked by what
right Mercier had in his possession the
secret dossier, which is a state docu-
ment, when he is no longer a member
of the cabinet nor of the government.
Mercier turned red, because con-
fused, and stammered for a moment, then
declined to answer.

Laborer's question to Mercier re-
ferred to the Schneider forgery. Mer-
cier refused to tell how he got the do-
ssier. Carrière tried to help Mercier
by claiming it was a secret document,
but Laborer said the prosecution had
introduced it.

Replying to the charges of Colonel
Mauret today, Dreyfus thrilled the
audience by crying in a shrill voice,
"I love the army!" The audience was
magnified by the sincerity of his
tone and applauded tumultuously.

LABORER'S CONSTANT DANGER.

Remnes, August 22—Two bombs were
found in Laborer's room today. It is
believed they were sent in pursuance
of the plot to take his life.

THE EXAGGERATED VICTORIES

Of the Americans—An Interesting Bit
of News From the Philippines.

By Cable to the Telegram

Manila, August 20 (via Hong Kong,
August 22)—The Filipino rebels ap-
pear to have much more fighting spirit
than might be expected after their de-
feats recently at San Fernando and the
drubbing Lawton gave them in the
south. They have an army of several
thousand at Cavite province, where it
was believed the revolt was suppressed.
The recent American victories are
exaggerated. Hundreds of insurgents
return to Manila daily and return
to the rebel lines with food and other
commodities. The guards reported
that five thousand of them passed
through the lines within three days
and carried out forty-five tons of rice
in small parcels.

with a churn, braining her. His brother
John interposed and the two fought a
duel in the road. Joseph was shot
dead and the other badly wounded.

immediate action in removing the
franchise grievance. If the ultima-

ALL RECORDS ARE BROKEN

By the Southern Railway's Pas-
senger Business This Year.

THOUSANDS OF PEOPLE HAULED

By the Great System to the Summer
Resorts of North Carolina,
South Carolina, Etc.

Special to the Telegram

Washington, August 22—Last week
announcement was made in Texas pa-
pers of the death of Mr. Abraham
Cohen Labatt which occurred at Gal-
veston last Wednesday. Mr. Labatt
was one of the oldest citizens of the
state and was formerly well known in
this section of the country. He was a
native of Charleston, South Carolina,
having been born in July, 1822, and
was therefore in his 88th year at the
time of his death. When a young man
he went to Charlotte, North Carolina,
and resided there for many years, re-
moving from there to New Orleans,
where he lived until 1849 when he went
to California. At the outbreak of the
civil war Mr. Labatt returned to his
native Southland, and joined Colonel
Hunt's Louisiana regiment. At the
close of the war he removed to Texas,
and settled first at Waco, and after-
wards at Galveston where he resided
until his death.

A gentleman familiar with the history
of the Masonic organization stated
yesterday that Mr. Labatt was the
second oldest Mason in the United
States at the time of his death. He
became a Mason in the year 1823, hav-
ing taken the initiation vows in 1823,
at Cheraw, South Carolina. He be-
came prominent in the Masonic organ-
ization, having been past master of
the famous Dave Crockett lodge of San
Francisco.

In the accounts of his death in the
Texas newspapers, it is said that Mr.
Labatt in 1836 brought the steamship
Columbia to Galveston, which was the
first steamboat to enter that port.

Among his survivors are five chil-
dren, sixteen grand children, eighteen
great grand children, and six great
great grand children.

The general post office has begun the
work of removing to its new quarters
in the new city postoffice on Pennsylv-
ania avenue, corner of Eleventh
street. It will not be long before the
general postoffice is ready to vacate
the old quarters at the corner of Sev-
enth and F streets, opposite the patent
office. It is expected that they will be
settled in the new quarters by the 15th
of September.

The reason for the change is so
allow the interior department, which
for years been crowded for room in
the patent office, to take the building
now occupied by the general postoffice.
It is said, however, that owing to lack
of appropriation for the work, the in-
terior department will not be able to
move to the postoffice building until
congress grants the necessary funds
for the purpose. This, of course, can-
not be until next December. It is stat-
ed that as soon as congress convenes
the necessary appropriation for the
purpose will be asked.

Representative Jones, of the First
Virginia district, was in the city last
Saturday, having come from Front
Royal where he made a speech last
week in opposition to the re-election
of Senator Martin.

Mr. Jones is very well satisfied with
the outlook for Governor Tyler, and
is of the opinion that the chances for
securing the senatorship are still very
good, despite the big claims being
made by the friends of Senator Mar-
tin. In regard to the talk of opposi-
tion to Representative Jones for re-
nomination for the house, his friends
say that the talk is due simply because
Mr. Jones has opposed the re-election
of Mr. Martin. His friends say that
he will be re-nominated at the proper
time, and that talk of opposition will
not deter him from working for Tyler.

Southern Railway officials say that
the passenger business over the South-
ern this year has broken all records.
Thousands of people have been taken
to the summer resorts of North Caro-
lina, South Carolina and Virginia.
And it is stated that the through busi-
ness between New Orleans and Wash-
ington and New York has been greater
than ever before.

One of the officials stated the other
day that the recent purchase of the old
South Carolina and Georgia railroad
has resulted in the road's doing a big
business in Charleston and through
that section of South Carolina.

Governor Tyler, of Virginia, and
Governor McMillan, of Tennessee, it
is reported, have arranged a meeting
to be held at Bristol for the purpose
of coming to the state line which
for some time has been a matter of
dispute between the states of Virginia
and Tennessee.

Next month from the 11th to the 15th
the great council of the Ancient Im-
proved Order of Red Men will meet at
Washington. It is expected that a
large gathering of the organization
and its friends will be in Washington,
a very low rate of fare having been
arranged from Virginia and North
Carolina.

THE CLOSE OF A NOBLE LIFE.

The death of Dr. Walter S. Creasy sends a pang to many a heart today throughout the length and breadth of North Carolina.

A great and a noble life is closed: a life that was an inspiration to the young ministers of the gospel, as well as to young men of other callings who came in contact with the great preacher.

Dr. Creasy was a self-made man. Comparatively unaided, he worked his way from the station of a poor farmer boy to the most affluent pulpit in the gift of the Western North Carolina Conference. He was easily recognized by all as one of the greatest Methodist ministers of the state, and by many as having no peer in the conference. He was a natural born orator, a man in whom the power of convincing lay to an uncommon strength. Attracted by his beautiful, thoughtful sermons, clothed in the most pleasing English; by his fine delivery and his powerful personal magnetism, his church was ever filled to overflowing, and the listeners were always sorry that the speaker ended so quickly.

His flock will miss him severely, and many a tired heart, which he was wont to visit with cheerful face and consoling spirit, will drop a silent, bitter tear that his loved form may no more be seen in the light of this life.

He did his work well and has gone to receive a crown of righteousness. And the deeply sorrow-stricken family, and the hosts that loved him so well, are bound by another indissoluble tie to the land where he is at rest.

The Johnston county democrats are the best in the woods. They have already started the campaign on the constitutional amendment. Next August a great majority for white supremacy may be expected from the banner county.

WE HAVE HAD ENOUGH.

The Washington Post is a very able "independent" newspaper, but has had a kind of leaning toward the administration, defending many of its policies with vigor. But the Post, like the great majority of the intelligent and representative journals of this country, thinks we have had quite enough of "meddling with the insurrections, the struggles, and the pestiferous theatricals of bare-legged peoples." We extract the following from an editorial appearing in the Post:

The farce of humane interference in the affairs of other people has been played to a foolish and disheartening end. We know, now, that neither the Cuban insurgents nor the groaning Filipinos were worth protecting, and we have received in both cases only ingratitude and treachery. The Filipinos have at least shown a capacity for fighting—something the Cuban insurgents never did—and we can well afford after having captured and hung Aguinaldo, to offer them the opportunity of self-government under a protectorate. Their courage and devotion entitle them to our respect. The representatives and the so-called armies of the Cuban insurrection should not be considered in our scheme at all. If we are to fulfill our pledge to the civilized world and discharge our lawful responsibilities to the nations in Christendom, we must rear the structure of enlightened and free government in Cuba with the material furnished by the tax-payers, the property holders and the substantial classes of the population.

But we cannot afford to enlarge the arena of our difficulties. We want nothing to do with such alleged republics as Hayti and Santo Domingo. Let them quarrel and cut each other's throats as much as they may, but let us have no relations with their exiles, their juntas, their fugitive statesmen, and their ridiculous affairs in general.

The following is from the Raleigh Morning Post:

The Commune seems to have revived in Paris.

"The Empire is Peace" was said under such circumstances as exist now just one hundred years ago.

We cannot help thinking another than Loubet will preside over the French before the end of 1900, and he will not be called the "President of the Republic," either.

SILVER THE MAIN ISSUE.

The Question May as Well Be Finally Settled.

In a speech at Omaha on Saturday, Mr. Bryan reiterated his views on the silver question at length, claiming that it will be the main issue in the next presidential campaign.

This ought to satisfy those quidnuncs who have been saying—largely hoping—that the silver issue would not be prominent next year, and that Mr. Bryan would consent to relegate it to the rear.

As the Post has said before, Mr. Bryan stands for free silver, with or without a platform; and that circumstances are such, and may as well be recognized and prepared for, that the fight of next year must be fought along the same lines as those of 1896, with the free coinage of silver as the chief rallying cry.

In the first place the Chicago platform will be reaffirmed. This ends the contention as to the "main issue" of the contest. Mr. Bryan's nomination will follow as a matter of course, being, as Senator Morgan puts it, the "logical" candidate on that platform. The reaffirmation of the platform and the nomination thereof of Mr. Bryan, of itself, means the forging to the front of the silver issue.

But should Mr. Bryan or any of his supporters show any disposition to lag in support of this issue, we may rest assured our enemy, the republicans, will lose no opportunity to assist in keeping it altogether to the front. There is no disguising the fact that the republicans regard the silver question as the weakest point in the armor of democracy, while they regard the new issues which have but recently arisen as their own most vulnerable points. They will therefore do all in their power to force the fighting, and confine it, along the lines of 1896.

And we are frank to say, that with the sentiments prevailing among so very large a number of the people, especially as regards this silver question, notwithstanding the result of the last election, it may be well that the question should again come squarely before the country, and be settled.

But as to the fight, whether wise or otherwise, we are going to have it, with silver as the main issue.—Raleigh Post.

LARGE LIST OF INJURED.

The Government Will Proceed Against the Rioters and Pillagers.

Paris, August 21.—The police give the number of persons injured in yesterday's scrimmage as 380. Only 21 of these were able to return home without medical treatment. Fifty-nine policemen were injured. The number of arrests is 150, and 80 of the persons arrested are detained by the police.

Nationalist and Conservative organs charge the government with provoking "this day of blood" by making unjustifiable arrests.

The Figaro says the disorders will not be repeated. The government, this newspaper asserts, is determined to act vigorously.

The government has charged Maitre Nalet to proceed against Sebastian Faure and his friends for the part they took in yesterday's disorders and also against those who pillaged St. Joseph's church.

NO CHANGE AT GIBSONVILLE.

The Postmaster Will Be Given a Chance to Reform.

Washington, August 21.—There will be no change in the Gibsonville post office. The charges recently preferred against the postmaster were investigated by a postoffice inspector and found to be true. Today several influential friends called at the postoffice department and put in a plea for the postmaster. The statement was made that if the postmaster was given another chance he would reform, and as the charges did not affect his personal integrity it was decided not to remove him. The office is in Representative Kitchen's district.

Yes, Maude, dear, a too lavish use of powder might result in shooting pains in your face.

Funniman—"Been to the country, eh? Was it a nice, quiet place?" Kyder—"Gracious! Yes. So quiet at nights that I could hear the bed-ticking."

FORETOLD THE FLOTILLA'S FATE.

Spanish Admiral Was Sure of Defeat at Santiago.

An echo from the guns that sank Spain's fleet outside Santiago harbor vibrates through the cable from Madrid. In the Journal des Debats there is printed Admiral Cervera's plea in extenuation of his defeat and the destruction of his flotilla of battleships.

According to these published cablegrams the gallant commander and his subordinates knew—and so apprised their government—that when they crossed the Atlantic ocean they came to certain destruction. They took their orders under protest, but obeyed them in the discharge of duty, brave soldiers and gallant seamen that they were.

Upon his receipt of orders to cross the ocean and invest Cuba in the face of our powerful Atlantic squadron Admiral Cervera, in shocked surprise, wired Sagasta:

"It is impossible to give you any idea of the surprise and stupefaction of everybody on receipt of your orders to sail. Of a truth this surprise is well justified, for from this expedition nothing can be expected but the destruction of the fleet or its return in a demolished condition, while if brought back to Spain it might safeguard the country."

That was as prophetic and pathetic as this was heroic:

"I go to the sacrifice with my conscience at rest, but I cannot understand the decision taken by the general officers of the navy in spite of my opinion."

Added to this was the message of Admiral Villamel, second in command, who went to death with honor. Writing to Sagasta "as a friend who fears no censure," he said:

"While we are ready to die with honor in the accomplishment of duty, I am convinced that the sacrifice of our naval forces is as certain as it is useless."

And so, obedient to the call of duty as set forth in the command of their superiors, these brave seamen went forth to sure defeat and destruction. How well they weighed the odds against them was demonstrated in the battle off Santiago that turned our Fourth from grief to glorification.—Chicago Record.

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

DEATH OF DR. W. S. CREASY.

Passed Away Suddenly at the Sanatorium.

Winston, N. C., August 21.—Rev. Dr. W. S. Creasy, pastor of the Centenary Methodist church, this city, died suddenly this morning at a private sanatorium in Baltimore, where he had been under treatment for several weeks for some brain trouble.

He was 52 years old, and was recognized as one of the finest pulpit orators in the state. The remains will probably be sent to his old home above Mt. Airy for interment.

Dr. Creasy had, during his service as a minister of the Gospel, been pastor of the most important churches of his denomination in the State. He had served as pastor of the First Methodist church of Wilmington, Durham, Charlotte, Winston and elsewhere. He was an able preacher and a man of deep piety and consecration. He had served as delegate to the General Conference of his church and had been otherwise honored in his denomination. He was well known throughout the State, and his death will be widely mourned.

WAR SEEMS INEVITABLE.

Counter Proposals Submitted Will
Receive Little Attention.

London, August 21.—There is no
longer any doubt that President Krug-
er has refused to submit to the de-
mand of Chamberlain for the appoint-
ment of a court of inquiry. He may
have done so diplomatically. But,
that his answer is regarded by the
British government as tantamount to
a positive refusal is now established.

The report that President Kruger
has proposed new terms is somewhat
verified by the guarded comment of
the colonial officials and the irrita-
bility displayed there. There is not
the slightest doubt that they believe
war is now the only way to settle
the controversy. They would far rather
have had a curt, defiant answer
than the temporizing reply which the
Boer president has sent. With the
former Great Britain would have plain
grounds for a quick commencement
of hostilities. Under the circumstances
which it is believed now exist aggres-
sive action needs considerable legisla-
tion to justify it in the eyes of the
world and the English minority who
still declare that war would be an out-
rage. However, if Mr. Chamberlain
has his way, it is believed President
Kruger's counter proposals will meet
with scant attention, and unless the
Boers completely back down, which is
not likely, the crisis will quickly de-
velop into war.

It is gathered that the colonial office
has been aware of the nature of the
Transvaal's reply for some days.
Hence it is probable that Great Britain
will delay the development as little as
possible.

TERRIBLE COAST STORM.

Fourteen North Carolina Fishermen
Drowned.

Morehead City, N. C., August 2 —
The following is the list of persons
drowned while away from home fishing
last Friday during the terrible north-
west storm:

Kilby Smith, John Smith, Elijah
Smith, Wallace Smith. All of these
were brothers. John Styron, James
W. Ellis, Henry Willis, Joe Lewis,
John Lewis, Joe Salter, John Salter,
Kilby Rose, Bart Salter, William
Salter.

All live at Hunting Quarters, N. C.,
and nearly all of them have families.
The storm in the eastern part of
Carteret county was extremely se-
vere.

Many hundreds of banker ponies,
sheep and cattle pastured on core
banks were drowned.

This was the worst storm in this part
of the country in years, it having been
twenty years to a day since the ter-
rible storm that washed away the At-
lantic Hotel at Beauport.

HOW THE DISASTER OCCURRED.

Beaufort, N. C., August 21.—Sixteen
fishermen were camping on Swan Is-
land, near the mouth of the Neuse
river, during the recent storm. The
island was overflooded, compelling
them to seek the mainland. In the at-
tempt all of their boats were capsized
except one, drowning fourteen, con-
sisting of four Smiths and Salter bro-
thers and six others. All were married
and men of large families, citizens of
Piney Point, Carteret county.

A crew of four more who were camp-
ing on another island are missing, and
are undoubtedly drowned. The two
survivors saved themselves by cut-
ting away their boat's mast and
throwing their cargo overboard. They
witnessed the drowning of their com-
panions, but were powerless to aid
them.

LIGHTSHIP LOOSE?

Reported That the One at Frying Pan
Shoals Adrift.

Wilmington, N. C., August 19.—It
was rumored here yesterday and today
that the lightship stationed on Frying
Pan Shoals had been driven from its
anchorage by the West Indian hurri-
cane and was moving down the coast
toward Charleston. Diligent inquiry
by custom house officials here yester-
day and today fail to confirm or deny
the report. The ship is one of the
most approved pattern, being well
equipped with rigging designed to
withstand any tempest and in either
event no fears are entertained for her
safety.

Charleston, S. C., August 19.—Cap-
tain Kemble, of the Clyde steamship
Iroquois, reports that when he passed
Frying Pan Shoals on Friday the
lightship was apparently at its station
and uninjured.

Hoax—"Moneybags is a proud old
chap. When he was sick the doctor
advised him to get an invalid's chair
and hire a man to wheel him about,
but he flatly refused." Hoax—
"Wouldn't own up to feeling bad, eh?"
"No; he didn't like the idea of people
being able to say that he was pushed
for money."

You assume no risk when you buy
Chamberlain's Colic, Cholera and
Diarrhoea Remedy. C. E. Holton
will refund your money if you are not
satisfied after using it. It is every-
where admitted to be the most success-
ful remedy in use for bowel complaint
and the only one that never fails. It
is pleasant, safe and sellable.

The toper evidently intends to en-
joy life to the full.

Hamilton Clarke, of Chauncy, Ga.,
says he suffered with itching piles
twenty years before trying DeWitt's
Witch Hazel Salve, two boxes of
which completely cured him. Beware
of worthless and dangerous counter-
feits. Howard Gardner.

It certainly is hard lines for the poet
when he can't sell his rhymes.

Irritating stings, bites, scratches,
wounds and cuts soothed and healed
by DeWitt's Witch Hazel Salve—a
sure and safe application for tortured
flesh. Beware of counterfeits. How-
ard Gardner.

Even a clothes'line gets unsteady
when it has too many sheets in the
wind.

Mr. A. Saunders, writing from Co-
conut Grove, Fla., says there has
been quite an epidemic of diarrhoea
there. He had a severe attack and
was cured by four doses of Chamber-
lain's Colic, Cholera and Diarrhoea
Remedy. He says he also recommend-
ed it to others and they say it is the
best medicine they ever used. For
sale by C. E. Holton.

A funny thing about the mosquito is
that he would rather go to work than
stay to hum.

All weak places in your system ef-
fectually closed against disease by
DeWitt's Little Early Risers. They
cleanse the bowels, promptly cure
chronic constipation, regulate the
liver, and fill you with new life and
vigor. Small, pleasant, sure; never
gripes. Howard Gardner.

AFTER THOSE TRANSPORTS.

Will Have All Troops Called for Afloat
by the Last of October.

Washington, August 21.—The Quar-
termasters department acting under
instructions from Secretary Root is
negotiating for more transports for the
Philippine service and expects to soon
secure additions to the Pacific fleet;
Owing to the determination of Sec-
retary Root to rush the new troops
forward, the original schedule pre-
pared in the Quartermasters' depart-
ment has been entirely rearranged,
and it is the department's intention to
have not only the first ten regiments
afloat by the last of October, but also
those to be raised under the last order.

BRIEF LOCAL MATTERS.

Frank A. Brooks came up from
Putnam yesterday to spend a few days
at home.

Dr. Jas. E. Brooks left at noon to-
day for a few days' visit to—well, the
doctor is able to take care of himself.

Before buying your fall suit call and
see the line of samples the Greensboro
Pressing Club speak of in their ad on
fourth page. They can save you some
money.

Miss Roxie Dodd, who has been visit-
ing in Reidsville, spent this morning
in the city with Miss Ethel and Jessie
Thomas, returning to her home in
Fayetteville.

The North Carolina Car Service As-
sociation, of which nearly every rail-
way company in the state is a member,
gives notice by circular that after
September 1st, storage will be charged
for car-load freight at the rate of \$7.50
per car per month or fraction thereof.
Shippers should post themselves.

We call attention to the advertise-
ment of J. Bennett & Brother in this
issue. The Messrs. Bennett, who are
from Norfolk, will be here for one
week only, during which time they will
conduct a pawn broker's sale of dia-
monds, watches and jewelry. They
have rented the store room one door
north of the dispensary, where their
stock is on display.

COURT NOTES.

One Important Case on Criminal
Docket—The Civil Docket.

Judge Brown and Solicitor Brooks
have been rushing business in court
today and several cases have been dis-
posed of. No important criminal case
has been reached and as stated yester-
day, very few will be.

The most important case on the
criminal docket—and it is one of un-
usual importance—is that of the three
colored boys charged with the rape of
the ten-year-old colored girl, ten miles
south of town, last month. This case
will not be tried until the latter part
of the week. A special venire will be
summoned and the legal battle prom-
ises to be interesting. Adams &
Douglas will assist in the prosecution,
while Col. John A. Barringer will
represent the defendants. The boys
are aged 14, 16 and 17 respectively.

As is usual the Southern Railway is
in for a big dose at this term of court.
No less than fourteen cases against
the company are set for trial and
three more are on the motion docket.
It is said that more railway cases are
tried in Guilford than in any other
county in the state. It is modestly
suggested that this is because Guilford
has more railroads than any other
county in the state.

The case of Miss Charlotte Gorrell
vs. the Greensboro Water Supply Co.
will have a re-trial at this term. It
will be remembered that this case was
decided in the supreme court, which
decided in favor of the plaintiff.

Resolutions of Respect.

Whereas the Grand Sire of our midst
Universe has called from our midst
our beloved brother W. D. Biggers
and summoned him to that Sovereign
Grand Lodge beyond the skies, and

Whereas, we cannot but rejoice at
his triumphant entry into that glorious
haven of rest, still we mourn the deep
loss of our deceased brother and the
severed ties of personal friendship.
Therefore be it resolved—That we
extend to his bereaved wife the assu-
rance of our high regard for our de-
ceased brother in every phase of life,
and our heartfelt sympathy at her loss
from this life of her devoted husband
and companion.

Resolved that we drape the prin-
cipal chairs of this Lodge in mourning
for thirty days and that we spread
this simple tribute to his memory upon
our minutes.

The Circus Is Coming.

The advance advertising and bill
posting agent of the John Robinson
combined shows is in the city and has
arranged with the city bill poster Mr.
J. H. West to advertise the coming of
the circus on the 13th day of Septem-
ber. This is a little earlier than cir-
cuses usually come this way, but we
presume that will not make any differ-
ence in drawing the usual big crowds.
There are so many people who never
get tired of showing their little boys
the animals, you know.

"Against Amendment."

Marshal Millikan told a Telegram
man today that the above words
were being taught to every illiterate
man—white or black—in the state. He
showed us an anti-amendment ballot
and said that one of those was in the
hands of every illiterate man in the
state. And he is sure that there will
be no election in the constitutional
amendment election.

Doctor Scott.

Chief Scott, of the police force, found
two sick and friendless negroes on the
streets this morning, both of whom
were quite ill. One, who says he is
from Chester, S. C., was found under
a tree on West Market street. The
chief will send him home tonight,
thinking this cheaper than sending him
to the poor house.

The other was found on North Elm
street and was taken inside the jail
yard. The chief has been unable to
enlist the sympathy of any colored citi-
zen and has to attend to the strangers
himself.

The police were informed this after-
noon that a colored woman had taken
laudanum at Wagner's restaurant on
Lewis street and was in a serious con-
dition.
